

## Worksheet for *Poem About Me* . . .

You'll need two copies of each sheet – one for TeamMate and one for Mentor. Start this activity by each of you filling out the blanks below on your own sheet. It works best if you use descriptive language (more than one word responses) and feel free to use humor. When you have finished this worksheet, transfer the responses to the blanks on the *Poem About Me* page and then read it out loud to each other. Talk about similarities and differences between your responses. Enjoy!
